

We are looking to build out our team and are keen to meet talented people with an interest to work in a young, modern, and fast-growing investment platform like ours. CGC focusses on investing in one of the most promising segments in the next decade and our firm is plugged into the DACH ecosystem of tech-enabled growing companies through our investors, employees, advisors as well as managers and partners in our portfolio companies.

ROLE:

- We are looking for part-time or full-time intern, analyst, or associate (m/f) to support us on deals.

PROFILE:

- University degree and relevant experience in an investment bank, consultancy firm and/or private equity firm
- Inclination towards technology
- Fluent in English; German is helpful, but not a requirement
- Ability to work in a fast-paced informal environment
- Excellent MS office skills (PPT, XLS, DOC)
- Analytical, diligent, team player, independent and dedicated
- Ability to work remotely

TASKS:

- Analytical support during the DD process
- Building financial models
- Preparation of investment papers and presentations
- Sector research
- Process management support

OUR OFFER:

- Exciting projects in a small team
- High level of responsibility and full involvement
- Entrepreneurial set-up
- Continuous learning possibilities on all fronts
- Network building
